TS-324 PANEL

Features and Benefits

Safety Standard Ratings:
- **UL 580**, Determines the Uplift Resistance of Roof Assemblies
- **UL 2218**, Determines Impact Resistance of Prepared Roof Covering Materials
- **UL 790**, Standard Test Methods for Fire Tests of Roof Coverings
- **ASTM A792**, SS or HSLA Grade 50 Class 1

Product Specifications

- **Applications**: Roof
- **Coverage Width**: 24”
- **Rib Height**: 3”
- **Minimum Slope**: 1/4 : 12
- **Panel Attachment**: Concealed Fastening System
- **Gauges**: 24
- **Finishes**: Smooth
- **Coatings**: Galvalume AZ55 with Resin Rb3 Premium 40 Year Coil Coating System
